

Shingle Belting Announces OEM Replacement Part Solutions

Companies often rely on OEMs for their replacement belting because they are pressed for time, do not know where to turn, or feel that an outside source can not provide them with what they need. Many of these companies have learned that it is more advantageous to call on a belting specialist like Shingle Belting.

PAPER CONVERTING
Unwind / Rewind

FOOD PROCESSING
Cheese Handling

PRINTING
Sheeters

BAKERY
Model-K Rounder

BOX MANUFACTURING
Folder/Gluer

MEAT PROCESSING
Patty Formers

As a long-time manufacturer focused only on belting, Shingle can supply replacement belts in a more cost-effective manner. Shingle offers customers 24/7 service, and belt stocking programs.

Whether you are in the paper converting, food processing, printing, recycling or canning industry, when the need arises for OEM replacement belts, it is important to turn to a source you can trust-Shingle Belting. For more information, call or email us today!
